

The 86 core patterns

ちゅうかんそう ぶんぼう
中間層の文法

The complete N2 grammar book carries 191 patterns. This one carries the **86 marked B CORE** — the solid middle tier. They appear regularly, but their bigger job is as **distractors**: the exam sets one of these beside a must-know pattern and hopes you cannot tell them apart.

पूरा N2 व्याकरण पुस्तिकामा 191 ढाँचा छन्। यहाँ **मध्यम स्तरका 86 छन्** — नियमित रूपमा आउँछन्, तर प्रायः गलत विकल्पको रूपमा।

WHY THESE 86

Tier B is where the exam hides its wrong answers. You rarely have to *produce* these, but you must **recognise and eliminate** them fast — and to do that you have to know the one thing that separates each from the must-know pattern it imitates. That is almost always the **connection form**, not the meaning.

Read each card once, then read the *Exam trap* line twice. Passive knowledge is enough for most of this book. Work through *The 69 You Must Know* first; this is the second pass, not the first.

Tier B कै ढाँचा प्रायः गलत विकल्प बनेर आउँछन्। चिन्न र हटाउन सक्नु नै मुख्य कुरा हो — र त्यसका लागि जोड्ने नियम थाहा हुनुपर्छ, अर्थ मात्र होइन।

HOW TO USE IT

Speeches and ceremonies. It always looks **forward** to something important that is about to start, and it carries a positive, formal, congratulatory tone.

しんじぎょう はじ みなさま きょうりよく ねが
新事業を始めるにあたって、皆様のご協力をお願いします。

As we begin this new venture, we ask for everyone's cooperation.

नयाँ व्यवसाय सुरु गर्न लाग्दा, सबैको सहयोग चाहन्छु।

そつぎょう ひとこと あいさつもう あ
卒業にあたり、一言ご挨拶申し上げます。

On the occasion of graduation, allow me to say a few words.

स्नातक हुने अवसरमा, दुई शब्द भन्न चाहन्छु।

EXAM TRAP

Two things kill students here. First, **Nのみ or Vる** — never Vた. Second, it cannot be used for small or negative events.

「風邪をひくにあたって」 is wrong.

2 〜に先立って/〜に先立ち

#3 in the complete book

EN prior to; in advance of

NE ...भन्दा अघि; ...अगावै

CONNECTS LIKE THIS

さきだ
N + に先立って (Vのに先立ってもある)

HOW TO USE IT

The preparation step of a **public, scheduled event**. Notice the pattern: the small formal preparation comes first, the big event comes second.

かいてん さきだ きしゃ かいけん おこな
開店に先立って、記者会見が行われた。

Prior to the opening, a press conference was held.

पसल खुल्नु अघि पत्रकार सम्मेलन गरियो।

しあい さきだ こっか えんそう
試合に先立ち、国歌が演奏された。

Before the match, the national anthem was played.

खेल सुरु हुनु अघि राष्ट्रिय गान बजाइयो।

EXAM TRAP

〜前に is for anything. 〜に先立って needs a **planned event** and a **preparatory action**. 「食べるのに先立って手を洗う」 is wrong — use 前に.

3 ～てからでないと/～てからでなければ

neutral

#5 in the complete book

EN unless ... first; not until ... is done

NE ...गरेपछि मात्र; ...नगरी हुँदैन

CONNECTS LIKE THIS

Vて + からでないと/からでなければ + 否定/困難の結果

HOW TO USE IT

The second half is **always negative or shows difficulty**: ～ない/V～できない/無理だ/困る。

じょうし かくにん してからでないと、こた 答えできません。

I cannot answer until I have checked with my boss.

हाकिमसँग सोधेपछि मात्र जवाफ दिन सक्छु।

よく調べてからでなければ、けつろん だ 結論は出せない。

We cannot reach a conclusion without investigating properly first.

राप्ररी अनुसन्धान नगरी निष्कर्ष निकाल्न सकिन्न।

EXAM TRAP

If the second clause is positive, this pattern is wrong — the exam plants a positive ending as bait. For a neutral sequence use ～てから: 「手を洗ってから食べる」.

4 ～上で(の)

formal / business

#6 in the complete book

EN after doing ...; upon (formally completing)

NE ...गरेपछि (औपचारिक रूपमा)

CONNECTS LIKE THIS

VたNの + 上で

HOW TO USE IT

A **deliberate two-step procedure**: first the necessary step (checking, consulting, signing), then the decision. Business and legal Japanese.

After checking the documents, I will contact you again.

कागजात जाँचेपछि, फेरि सम्पर्क गर्नेछु।

かぞく そうだん うえ き おも 家族と相談の上で決めたいと思います。

I would like to decide after discussing it with my family.

परिवारसँग परामर्श गरेपछि निर्णय गर्न चाहन्छु।

EXAM TRAP

Do not mix up the three ～上: (1) Vた^{うえ}上で = after doing; (2) ～上^{うえ}に = moreover (addition); (3) ～上^{じょう} = from the standpoint of (法律上). Same kanji, three grammar points.

EN right in the middle of ...

NE ...गर्दे गर्दा; ठीक बीचमा

CONNECTS LIKE THIS

HOW TO USE IT

Something **interrupts** an activity at its peak. The second half is nearly always an unwelcome surprise.

かいぎ さいちゅう けいたい な

My phone rang right in the middle of the meeting.

बैठकको बीचमै मेरो मोबाइल बज्यो।

はっぴよう さいちゅう ていでん

The power went out while I was in the middle of presenting.

प्रस्तुति गर्दै गर्दा बत्ती गयो।

EXAM TRAP

It needs an **ongoing activity**, so Vている or a noun of activity. It cannot take a state: 「寝ている最中に」 is odd — use ～
あいだ
間に or ～ところに.

6

～ないうちに

neutral

#10 in the complete book

EN before ... happens

NE ...हुनु अघि; ...नहुँदै

CONNECTS LIKE THIS

Vない + うちに

HOW TO USE IT

The change has **not started yet** and you want to finish first. 「～前に」 is also possible but ないうちに stresses beating the change.

くら さいちゅう いえ かえ
暗くならないうちに、家に帰りましょう。

Let's go home before it gets dark.

अँध्यारो हुनु अघि घर जाऊँ।

あめ ふ せんたくもの と こ
雨が降らないうちに洗濯物を取り込んだ。

I brought the laundry in before it started raining.

पानी पर्नु अघि लुगा भित्र ल्याउँ।

EXAM TRAP

Learners write 「暗くなるうちに」. Wrong — without ない it means “while it is getting dark”. To mean “before”, you must have ない.

EN no sooner ... than; hardly ... when

NE ...गरेको जस्तो लाग्दा लाग्दै; ...गर्नासाथ

HOW TO USE IT

Best for a **surprising, contradictory** switch — especially another person's changeable behaviour or sudden weather.

泣^ないていたか^{おも}と思うと、もう笑^{わら}っている。

One moment he was crying, and now he is already laughing.

रोझरहेको जस्तो लाग्दा लाग्दै, अब हाँसिरहेको छ।

Hardly had the sky darkened when it began to pour.

आकाश अँध्यारो भएको जस्तो लाग्दा लाग्दै मुसलधारे पानी पर्न थाल्यो।

EXAM TRAP

Like **とたん**, no volition and no future. And it must describe **someone or something else**: you cannot be surprised by your own actions, so 「私^{わたし}は帰^{かえ}ったか^{おも}と思うと」 is wrong.

8 ~てはじめて neutral

#17 in the complete book

EN only after ... did I realise / become able

NE ...गरेपछि मात्र (थाहा भयो/सकियो)

CONNECTS LIKE THIS

Vて + はじめて

HOW TO USE IT

An experience **unlocks** understanding you could not have had before. The second clause is usually 分^わかる・気^きづく・できる.

親^{おや}になってはじめて、親^{おや}の気^き持^もちが分^わかった。

Only after becoming a parent did I understand how parents feel.

आमाबाबु भएपछि मात्र आमाबाबुको मनोभाव बुझें।

It was only when I fell ill that I realised the value of health.

बिरामी भएपछि मात्र स्वास्थ्यको महत्त्व बुझें।

EXAM TRAP

Do not confuse with ~てから (plain sequence). はじめて adds “**and not before**”. Also ~初^{はじ}めて as an adverb (“for the first time”) is different.

9 ~ところに/~ところへ/~ところを/~ところで

#18 in the complete book

EN just when ... (something intervened)

NE ठीक ...गर्दे गर्दा (कोही आयो/भयो)

CONNECTS LIKE THIS

Vている/Vた/Vる + ところに・へ・を・で

HOW TO USE IT

に/へ = someone arrives or something happens **into** your moment. を = someone **affects you** during that moment (often ~を呼び止める・助ける・邪魔する). で = at that point, so then...

で
出かけようとしたところに、客^{きやく}が来た^き。

Just as I was about to go out, a visitor arrived.

बाहिर निस्कन खोज्दै गर्दा पाहुना आइपुग्यो।

いそが^{いそが}しいところを手^て伝^{つた}ってくれて、ありがとう。

Thank you for helping me even though you were busy.

व्यस्त हुँदा हुँदै सहयोग गर्नुभएकोमा धन्यवाद।

EXAM TRAP

The particle carries the whole meaning. Choose を when the following verb is transitive and acts on you; choose に/へ when the following verb is simply “came / happened”.

10 ~まま(に)/~ままだ

neutral

#19 in the complete book

EN as it is; leaving it unchanged

NE ...जस्तै छ त्यस्तै; ...अवस्थामा नै

CONNECTS LIKE THIS

Vた/Vない/VAい/VAn/VNの + まま

HOW TO USE IT

A state **continues unchanged** when normally you would expect it to change. Often mildly critical.

くつ^{くつ}をは^はき履^はいたまま部屋^{へや}に入^{はい}ってはいけません。

You must not enter the room with your shoes still on.

जुत्ता लगाएको अवस्थामै कोठामा प्रवेश गर्नु हुँदैन।

むら^{むら}むかし^{むかし}すがた^{すがた}の村は昔の姿のままだ。

This village remains just as it was long ago.

यो गाउँ पहिलेको स्वरूपमै छ।

EXAM TRAP

Compare ~っぱなし (see next), which specifically means you **left something on/open by carelessness**. まま is neutral about blame; っぱなし blames.

11

#20 in the complete book

EN leaving ... on / open / undone (carelessly)

NE ...गरेको गरेकै छाड्नु (लापरवाहीले)

HOW TO USE IT

Two flavours: (1) **negligence** — ～をつけっぱなし, 開けっぱなし; (2) **the same state continuing too long** — 立ちっぱなし, 負けっぱなし.

でんきをつけっぱなしで寝てしまった。

I fell asleep with the light left on.

बत्ती बालेको बालेकै सुतिहालौं।

いちにちじゅうたあしつか一日中立ちっぱなしで、足が疲れた。

I was on my feet all day, so my legs got tired.

दिनभरि उभिएको उभिएकै भएर खुट्टा थक्यो।

EXAM TRAP

Connection is **Vます-stem**, which trips everyone: つけっぱなし, not つけてっぱなし. Also it is spoken and casual; do not use it in a formal report.

12

～以来

formal-ish

#21 in the complete book

EN ever since

NE ...देखि यता (लगातार)

CONNECTS LIKE THIS

VてN + 以来

HOW TO USE IT

From a past starting point **right up to now**, continuously. The starting point is a single event.

にほんきいらいいちどくにかえ日本に来て以来、一度も国に帰っていない。

Ever since I came to Japan, I have not been back home even once.

जापान आएदेखि यता एकपटक पनि देश फर्केको छैन।

そつぎょういらいかれあ卒業以来、彼に会っていない。

I have not seen him since graduation.

स्नातक भएदेखि उनलाई भेटेको छैन।

EXAM TRAP

～てから can be short-term; ～以来 needs a **long stretch** and must connect to the present. 「朝起きて以来」 is unnatural — too short.

EN after an interval of ...; for the first time in ...

NE ...पछि (यति समयपछि)

CONNECTS LIKE THIS

N (期間) + ぶりに

HOW TO USE IT

You needed the thing and finally got it after a long gap. Slight feeling of **relief or nostalgia**.

じゅうねん こきょう かえ
十年ぶりに故郷へ帰った。

I returned to my hometown after ten years.

दस वर्षपछि जन्मथलो फर्केँ।

みっか は きも
三日ぶりの晴れで、気持ちがいい。

It is sunny for the first time in three days; it feels wonderful.

तीन दिनपछि घमाइलो भयो, धेरै राम्रो लाग्छ।

EXAM TRAP

～^こ後 is neutral elapsed time; ～ぶりに means the gap was **unusually long for that thing**. Also note ぶり attaches to a **period noun**, not a verb.

Simply because I said one unnecessary thing, I ended up angering my friend.

एक शब्द बढी बोलेकै कारण, साथीलाई रिस उठाइदिएँ।

保証人になったばかりに、大きな借金を背負うことになった。

Just because I became a guarantor, I ended up saddled with a huge debt.

जमानी बनेकै कारण, ठूलो ऋण बोक्नु पर्यो।

EXAM TRAP

せいで just blames; ばかりに adds “if only I hadn't”. A neutral bad-result sentence with no regret should be せいで. Also do not confuse with ばかり (only) or ばかりか (not only).

बाटो जाम भएको हुनाले, ढिलो भइहालें।

こ ちい ちい 夜の会合には出られません。

Because my child is still small, I cannot attend evening gatherings.

बच्चा सानै भएको हुनाले, बेलुकीको भेलामा सहभागी हुन सकिदैनँ।

EXAM TRAP

Because it is an excuse, it does **not** take commands or invitations. 「暑いものだから、窓を開けてください」 is wrong — use から or ので.

Because its shape resembles Mt Fuji, this mountain is called "Ezo Fuji".

आकार फुजी हिमालसँग मिल्ने कारणले, यो पहाडलाई 'एजो फुजी' भनिन्छ।

EXAM TRAP

ことから gives the **basis for judging**; ことだから gives the **reason from known character**; ものだから gives an **excuse**.

All three look nearly identical in a multiple-choice list.

17

CONNECTS LIKE THIS

ふつう けい

かぞく ささ がんば
家族の支えがあったからこそ、ここまで頑張れた。

It is precisely because I had my family's support that I could persevere this far.

परिवारको साथ भएकै कारणले नै, यहाँसम्म मिहिनेत गर्न सकें।

EXAM TRAP

から and からこそ both mean because, but からこそ insists "**this** reason and no other". It fits sentences where the listener assumed the opposite.

18

EN after a long ... (and then a bad end)

NE लामो समय ...गरेपछि अन्ततः (नराम्रो नतिजा)

After much hesitation, I gave up on studying abroad.

धेरै अलमलिएपछि, अन्ततः विदेश अध्ययन त्यागिदिएँ।

EXAM TRAP

～末(に) is the neutral or positive twin. If the ending is a success, the answer is 末に, not あげく. 「努力したあげく合格した」 is wrong.

19

After much worry, I decided to change jobs.

धेरै सोचविचारपछि, जागिर परिवर्तन गर्ने निर्णय गरें।

Although he objected, in the end he cooperated.

विरोध गर्दागर्दै पनि, अन्तमा सहयोग गरिदियो।

EXAM TRAP

EXAM TRAP

Do not confuse the noun form 「Nの^かわりに」 with 「Vる^かわりに」. Also ^{はん}～反して and ^か～代わりに appear together as distractors because both mean “not as expected” loosely.

被害は広い範囲にわたっている。
