しゅつだい ひんど たか ぶんぼう  
出題 頻度の高い文法

The complete N2 grammar book carries 191 patterns. This one carries the **69 marked A MUST KNOW** — the ones that turn up on almost every paper, in the grammar section and again in reading. Nothing else. If you have two weeks, this is the whole revision list.

पूरा N2 व्याकरण पुस्तिकामा 191 ढाँचा छन्। यहाँ **अनिवार्य 69** मात्र छन् — लगभग हरेक परीक्षामा आउने। दुई हप्ता मात्र छ भने, यही नै पूरा तयारी सूची हो।

## WHY THESE 69

Every pattern in the complete book is exam-relevant, but they are not equally likely. Each carries a frequency badge: **A must know, B core, C recognise**. This book is Tier A, lifted whole — the same cards, the same connection rules, the same two furigana examples and the same exam trap. You are not getting a summary; you are getting the shortlist.

**Drill these until you can produce them**, not just recognise them. Know the connection form cold, and know which other pattern each one is confused with — that is what the *Exam trap* line on every card is for.

हरेक कार्डमा जोड्ने नियम, प्रयोगको तरिका, दुईवटा उदाहरण र परीक्षाको जाल छ। यी 69 ढाँचा चिन्न मात्र होइन, आफैं बनाउन सक्ने गरी अभ्यास गर्नुहोस्।

## CONNECTION RULES — READ THIS PAGE FIRST

The exam loves to give you a pattern whose *meaning* fits but whose *connection* is wrong. Learn this table and you can eliminate two of the four choices before you have finished reading the sentence.

## 1 ~際(に)/~際は formal / written

#1 in the complete book

**EN** on the occasion of; when (doing something special)

**NE** ...गर्ने बेलामा; ...को अवसरमा (विशेष अवस्था)

### CONNECTS LIKE THIS

じしよけい さい  
V辞書形/VたNの + 際(に)

### HOW TO USE IT

Formal and written. You hear it in announcements, manuals, offices and hospitals. It is used for a **special or official occasion**, not for daily habits.

かいがい しゅつちよう さい しょうい ていしゅつ  
海外へ 出張 する際は、この書類を提出してください。

When you go on a business trip abroad, please submit this document.

विदेश व्यापार-यात्रा गर्ने बेलामा यो कागजात बुझाउनुहोस्।

お さい あしもと ちゅうい  
お降りの際は、足元にご注意ください。

When getting off, please watch your step.

ओर्लने बेलामा कृपया पाइला ध्यान दिनुहोस्।

### EXAM TRAP

とき さい  
~時 is neutral and works for everything; ~際は formal and only for notable occasions. 「歯を磨く際に」 sounds absurd — brushing your teeth is not an occasion. Use 時。

## 2 ~間/~間に neutral

#8 in the complete book

**EN** while (whole span) / at some point during

**NE** ...भरि / ...को बीचमा एक समय

### CONNECTS LIKE THIS

あいだ  
Vている/AいNの + 間(に)

### HOW TO USE IT

あいだ あいだ  
間 = the action fills the **entire** period. 間に = the action happens **once, somewhere inside** the period.

なつやす あいだ  
夏休みの間、ずっとアルバイトをしていた。

Throughout the summer holiday I worked part-time the whole time.

ग्रीष्म बिदाभरि मैले पार्ट-टाइम काम गरिरहँ।

はは で あいだ へや そうじ  
母が出かけている間に、部屋を掃除した。

While my mother was out, I cleaned the room.

आमा बाहिर गएको बेलामा मैले कोठा सफा गरें।

### EXAM TRAP

This single に is worth a whole question. With に the main verb must be short and one-time; without に it must be continuous. 「間にずっと」 and 「間、一度電話した」 are both wrong.

### 3 ~うちに neutral

#9 in the complete book

**EN** while (the condition still lasts); before it changes

**NE** ...हुँदै छ भन्दा; अवस्था बदलिन अघि

#### CONNECTS LIKE THIS

Vている/Vる/Aい/Aな/Nの + うちに

#### HOW TO USE IT

There is always a hidden warning: **this condition will not last**, so act now. Very often paired with ~ておく or ~たい.

あつ 熱いうちに召し上がってください。

Please eat it while it is still hot.

तातो हुँदै खानुहोस्।

わか 若いうちに、いろいろな国を見ておきたい。

I want to see various countries while I am still young.

जवान हुँदै विभिन्न देश हेर्न चाहन्छु।

#### EXAM TRAP

～間に is neutral timing; ～うちに adds “before it is too late”. The exam tests this by giving a sentence with no urgency at all — then うちに is the wrong choice.

### 4 ~たとたん(に) neutral / written

#11 in the complete book

**EN** the moment ...; just as ...

**NE** ...गर्ने बित्तिकै; ...गरेको त्यही क्षण

#### CONNECTS LIKE THIS

Vた + とたん(に)

#### HOW TO USE IT

Two things happen with **zero gap**, and the second one is a **surprise** you did not plan.

せき すわ 席に座ったとたん、でんわ な 電話が鳴った。

The moment I sat down, the phone rang.

सिटमा बस्ने बित्तिकै फोन बज्यो।

ドアを開けたとたんに、ねこ と 猫が飛び出した。

The instant I opened the door, the cat shot out.

ढोका खोले बित्तिकै बिरालो बाहिर निस्कियो।

#### EXAM TRAP

Three restrictions the exam loves: it must be **Vた**; the sentence must be **past**; and it cannot be a command, invitation or your own intention. 「座ったとたんに{coffee}を飲もう」 is wrong.

**EN** as soon as (then I will do X)

**NE** ...भएपछि तुरुन्तै (औपचारिक)

#### CONNECTS LIKE THIS

Vます-stem<sup>どうき せい</sup>N (動作性) + 次第<sup>しだい</sup>

#### HOW TO USE IT

Business Japanese, and it looks **forward**: X happens, then I promptly do Y. The second half is your plan or promise, so it is future.

<sup>くわ</sup>詳しいことが<sup>わ</sup>分かり次第、<sup>しだい</sup>ご連絡<sup>れんらく</sup>いたします。

As soon as the details become clear, I will contact you.

विस्तृत जानकारी थाहा भएपछि तुरुन्तै सम्पर्क गर्नेछु।

<sup>にもつ</sup>荷物が<sup>とうちゃく</sup>到着<sup>しだい</sup> 次第、<sup>はっそう</sup>発送<sup>はっそう</sup>いたします。

We will ship it as soon as the package arrives.

सामान आइपुगेपछि तुरुन्तै पठाउनेछौं।

#### EXAM TRAP

The opposite of <sup>しだい</sup>とたん: ～次第 **cannot be past** and **must** have volition. Also note the connection is **Vます-stem**, not Vる.  
And ～次第<sup>しだい</sup>だ at the end of a sentence (“depends on”) is a completely separate point.

## 2. Cause, Reason & Outcome

5 patterns

げんいん りゆう けっか  
原因・理由・結果

कारण, हेतु र परिणाम

### 6 ~ため(に)

formal / written

#23 in the complete book

**EN** because of; due to (neutral, objective)

**NE** ...का कारण (तटस्थ, वस्तुगत)

#### CONNECTS LIKE THIS

ふつう けい  
V普通形/AいV/AなNの + ため(に)

#### HOW TO USE IT

The safe, neutral, **written** choice. Announcements, news, reports. No emotion attached.

じこ でんしゃ おく  
事故のため、電車が遅れています。

Due to an accident, the trains are delayed.

दुर्घटनाको कारण रेल ढिलो भइरहेको छ।

あめ ふ やさい ねだん あ  
雨が降らなかったため、野菜の値段が上がった。

Because it did not rain, vegetable prices went up.

पानी नपरेको कारण तरकारीको मूल्य बढ्यो।

#### EXAM TRAP

~ため(に) is also **purpose** ("in order to"). The rule: Vる + ために = purpose; VたNの + ために = reason. 「勉強 <sup>べんきょう</sup> するために」 = purpose, 「勉強 <sup>べんきょう</sup> したために」 = reason.

### 7 ~おかげで/~おかげだ

neutral

#24 in the complete book

**EN** thanks to (good result)

**NE** ...को कृपाले; ...ले गर्दा (राम्रो नतिजा)

#### CONNECTS LIKE THIS

ふつう けい  
V普通形/AなNの + おかげで

#### HOW TO USE IT

The result must be **good** and you feel **grateful**. Very common in thank-you speeches.

せんせい ねっしん おし ひょうかく  
先生が熱心に教えてくださったおかげで、合格できました。

Thanks to my teacher's dedicated instruction, I was able to pass.

शिक्षकले लगनशील भई सिकाउनुभएको कारण मैले उत्तीर्ण गर्न सकें।

くすり の ねつ さ  
薬を飲んだおかげで、熱が下がった。

Thanks to taking the medicine, my fever came down.

औषधि खाएको कारण ज्वरो घट्यो।

#### EXAM TRAP

It can be used **sarcastically** with a bad result 「君のおかげで遅刻したよ」 — the exam sometimes uses this. But a plain bad result with no sarcasm needs せいで.

## 8 ~せいで/~せいか/~せいだ neutral

#25 in the complete book

**EN** because of (bad result); blaming

**NE** ...को कारणले (नराम्रो नतिजा); दोष लगाउँदै

### CONNECTS LIKE THIS

ふつう けい  
V普通形/Aい/Aな/Nの + せいで

### HOW TO USE IT

You are **assigning blame**. せいか softens it to “maybe because” when you are not sure of the cause.

ねぶそく いちにちじゅうあたま いた  
寝不足のせいで、一日中 頭が痛かった。

Because of lack of sleep, my head hurt all day.

निद्रा नपुगेको कारणले दिनभरि टाउको दुख्यो।

とし さいきんつか  
年のせいか、最近疲れやすい。

Perhaps because of my age, I get tired easily these days.

उमेरको कारणले होला, हिजोआज छिट्टै थक्छु।

### EXAM TRAP

おかげで / せいで is the single most common reason-pair on the exam, and it is decided purely by whether the outcome is **desirable**. Read the second clause first, then choose.

## 9 ~だけに written / neutral

#26 in the complete book

**EN** precisely because; all the more so because

**NE** ...भएकै कारण; त्यसैले नै झन्

### CONNECTS LIKE THIS

ふつう けい  
V普通形/Aい/Aな/N + だけに

### HOW TO USE IT

The reason makes the result feel **especially strong or natural**. Often used with disappointment (“I expected a lot, so it hurt more”).

かれ もと せんしゅ うご ぜんぜんちが  
彼は元プロ選手だけに、動きが全然違う。

Precisely because he is a former pro, his movement is on a different level.

उनी पूर्व व्यावसायिक खेलाडी भएकै कारण, उनको चाल एकदमै फरक छ।

きたい けっか き  
期待していただけに、結果を聞いてがっかりした。

Precisely because I had my hopes up, I was disappointed to hear the result.

आशा गरेकै कारण, नतिजा सुनेर निराश भएँ।

### EXAM TRAP

だけに = the result **matches** the reason and is intensified. だけあって = “as one would expect, and I **praise** it”. だけに allows negative results; だけあって is basically only for admiration.

**EN** as expected of; no wonder (praise)

**NE** ...भएर हो; ...लायकको छ (प्रशंसा)

#### CONNECTS LIKE THIS

ふつう けい  
V普通形/AいAなN + だけあって

#### HOW TO USE IT

Always **positive evaluation**. You are impressed and the reason explains why.

みせ ゆうめい      ぎょうれつ  
この店は有名だけあって、いつも行列ができています。

As you would expect of a famous shop, there is always a queue.

यो पसल प्रसिद्ध भएर हो, सधैं लाइन लाग्छ।

まいにちれんしゅう      はつおん  
毎日練習しただけあって、発音がきれいになった。

Having practised every day, his pronunciation has become beautiful — as one would expect.

दिनदिनै अभ्यास गरेर हो, उच्चारण सुन्दर भयो।

#### EXAM TRAP

Never use it about yourself — it is praise, and praising yourself is unnatural. わたし がんぱ 「私は頑張っただけあって合格した」 こうかく sounds wrong; use だけに or ので.

### 3. Purpose, Function & Target

2 patterns

もくてき ようと たいしょう  
目的・用途・対象

उद्देश्य, प्रयोग र लक्ष्य

#### 11 ~ために (目的)

neutral

#38 in the complete book

EN in order to (deliberate goal)

NE ...गर्नका लागि (जानाजान लक्ष्य)

##### CONNECTS LIKE THIS

じしよけい  
V辞書形Nの + ために

##### HOW TO USE IT

Both clauses must have the **same subject** and the verb must be something you can **choose** to do.

りゅうがく  
留学するために、かね  
お金を貯めている。

I am saving money in order to study abroad.

विदेश अध्ययन गर्नका लागि पैसा जम्मा गर्दै छु।

かぞく  
家族のために  
はたら  
働いています。

I work for the sake of my family.

परिवारका लागि काम गर्दै छु।

##### EXAM TRAP

Never use ために with a negative or an uncontrollable verb. 「風邪をひかないために」 is wrong — use 「風邪をひかないように」.

**EN** so that; in such a way that

**NE** ...होस् भनेर; ...नहोस् भनेर

#### CONNECTS LIKE THIS

じしよけい  
V辞書形Vない + ように

#### HOW TO USE IT

Use it with (1) **negatives**, (2) **potential forms** (～えるように), (3) verbs you cannot control (なる・治る・分かる), (4) when the **subject differs** between the clauses.

うし せき き おお こえ はな  
後ろの席にも聞こえるように、大きな声で話した。

I spoke loudly so that even the back seats could hear.

पछाडिको सिटमा पनि सुनियोस् भनेर ठूलो स्वरमा बोलेँ।

わす  
忘れないように、メモしておいた。

I made a note so that I would not forget.

बिसिर्न भनेर टिपोट गरें।

#### EXAM TRAP

This ように/ために split is one of the most frequently tested points at N2. Test it by asking: “can I simply *decide* to do the second thing?” If no, use ように.

## 4. Contrast, Concession & 'Although'

12 patterns

ぎゃくせつ    たいひ  
逆接・対比

विरोध, तुलना र 'भए तापनि'

### 13 ~ながら(も)~ながらに

written

#45 in the complete book

EN although; while being

NE ...भए तापनि; ...हुँदाहुँदै

#### CONNECTS LIKE THIS

Vます-stem/Aい/Aな/Nである + ながら(も)

#### HOW TO USE IT

Contrast between two facts about the **same subject**, often something admirable or contradictory about that person.

せま                      いこち                      へや  
狭いながらも、居心地のいい部屋です。

Although it is small, it is a cosy room.

साँघुरो भए तापनि, आरामदायी कोठा हो।

きけん                      し                      かれ                      かわ                      と                      こ  
危険だと知りながら、彼は川に飛び込んだ。

Although he knew it was dangerous, he jumped into the river.

खतरा हो भन्ने थाहा हुँदाहुँदै, उनी खोलामा हाम फाले।

#### EXAM TRAP

This is not the “while doing” ながら of simultaneous actions. Concessive ながら takes **Aな・Nである** (「残念ながら」「子どもながら」), and も is often added to make the contrast clear.

### 14 ~ものの

written / formal

#47 in the complete book

EN although; and yet

NE ...भए तापनि; तर पनि

#### CONNECTS LIKE THIS

ふつう    けい

便利であるものの、値段が高すぎる。

It is convenient, and yet it is far too expensive.

## CONNECTS LIKE THIS

V/AN普通形 + とはいっても/とはいえ

## HOW TO USE IT

You **accept** the first statement as true, then point out that reality does not match what it implies.

はる 春<sup>ふつう</sup>とはいえ、朝晩<sup>あさばん</sup>はまだ寒い<sup>さむ</sup>。

Although it is spring, mornings and evenings are still cold.

वसन्त भए तापनि, बिहान-बेलुका अझै जाडो छ।

My salary went up, but even so life has not got easier.

तलब बढे तापनि, जीवन सहज भएको छैन।

## EXAM TRAP

とはいえ takes a **plain noun** directly (「春<sup>はる</sup>とはいえ」), unlike もの<sup>もの</sup> which needs である. This connection difference is exactly what gets tested.

Just because it is cheap, buying too much is not a good idea.

九月にしては、涼しすぎる。

For September, it is far too cool.

सेप्टेम्बरको हिसाबले तो, अत्यन्तै सिरियो छ।

बालक भएर पनि, कठिन शब्द प्रयोग गर्छ।

## EXAM TRAP

## HOW TO USE IT

Two jobs: (1) the **direction of an attitude** (politeness, criticism, demand); (2) explicit **contrast** of two items, where each clause needs <sup>たい</sup>のに対して.

<sup>かれ</sup>彼は<sup>としうえ</sup>年上<sup>ひと</sup>の人<sup>たい</sup>に対して、<sup>れいぎ</sup>いつも<sup>ただ</sup>礼儀正しい。

In contrast to the outgoing elder brother, the younger one is introverted.

दाजु सक्रिय भएको तुलनामा, भाइ अन्तर्मुखी छ।

## EXAM TRAP

#112 in the complete book

EN cannot help but; have no choice but to

NE ...गर्ने बाध्य हुनु; अरु विकल्प छैन

#### CONNECTS LIKE THIS

Vない-stem + ざるを得ない (する→せざるを得ない)

これだけ証拠があれば、認めざるを得ない。

With this much evidence, one cannot help but admit it.

यति प्रमाण भएपछि, स्वीकार गर्ने बाध्य हुनुपर्छ।

#### EXAM TRAP

Two form traps: it is the **ない-stem** (行か + ざる), and **する** becomes **せざるを得ない**. 「するざるを得ない」 is wrong.

### 44 ~しかないV~ほか(は)ないV~より(ほか)ない (neutral)

#113 in the complete book

EN there is nothing to do but

NE ...गर्नुबाहेक विकल्प छैन

#### CONNECTS LIKE THIS

NE सम्मानित रूप: अर्को व्यक्तिको काम

#### CONNECTS LIKE THIS

अध्यक्ष ज्यू पहिले नै घर फर्किसक्नुभयो।

しりょう りょう

66

## お/ご~する・いたす

humble / business

#178 in the complete book

EN humble: I do (for you)

NE विनम्र रूप: म गर्छु (तपाईंका लागि)

## CONNECTS LIKE THIS

お + Vます-stem + する<sup>かんご</sup>いたす / ご + 漢語 + する<sup>かんご</sup>いたす

Allow me to carry your luggage.

सामान बोकिदिन्छु।

後<sup>のち</sup>ほど<sup>れんらく</sup>ご連絡<sup>れんらく</sup>いたします。

I will contact you later.

पछि सम्पर्क गर्नेछु।

## EXAM TRAP

Direction matters. Saying 「お持ち<sup>も</sup>になります」 about your own action wrongly elevates you. And 「お持ち<sup>も</sup>します」 about the listener's action wrongly lowers them.

67

यति दूर आइदिनुभएकोमा धन्यवाद।

## EXAM TRAP

Watch the particles: 「先生<sup>せんせい</sup>に教<sup>おし</sup>えていただく」 but 「先生<sup>せんせい</sup>が教<sup>おし</sup>えてくださる」. に versus が is a favourite exam point.

EN may I be allowed to (very humble)

NE ...गर्न अनुमति पाऊँ (अति विनम्र)

#### CONNECTS LIKE THIS

Allow me to leave a little early today.

I have read your letter.

तपाईंको पत्र पढें।

#### EXAM TRAP

These special verbs **replace** the お～になる pattern; you cannot use both. And each pair has one form for the other person and one for you. Getting the direction backwards is the most heavily penalised keigo error.
